We Can Help

Serving veterans and veteran families who are homeless or at risk of homelessness because they live in unstable housing situations or are experiencing serious financial difficulties.

MHALA believes that veterans and their families deserve a coordinated effort to feel secure and stable.

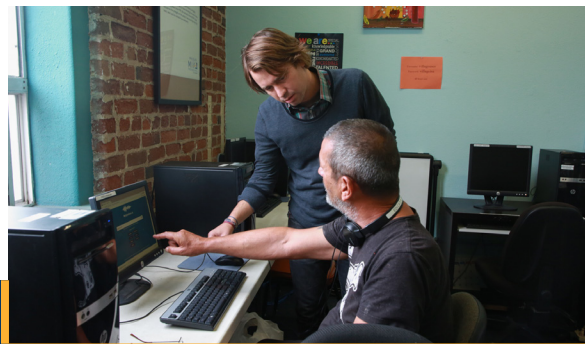

We help find secure housing, essential physical care, mental health counseling, employment and empowerment.

Each individual creates a plan that specifically identifies goals and steps to make them successful in their home and community.

Our team can help you determine if you are eligible for our services.
